

# SOUTH CANAL BLVD. IMPROVEMENTS

## Project Overview

The City of Redmond is upgrading South Canal Blvd. to meet current standards for arterials. This long-awaited project replaces deteriorating pavement on a major route that is an important part of the city's street network.

The South Canal Blvd. "makeover" also includes:

- Left turn lanes at busy intersections
- Curbs, sidewalks and bicycle lanes
- Stormwater collection system
- A new bicycle/pedestrian path alongside Homestead Canal
- Street trees and landscaping
- A new 12- and 18-inch water main to replace aging pipelines

### South Canal Blvd. Improvements

**Cost:** \$6.9 million

**Funding:** City of Redmond  
Transportation and Water Funds

**Contractor:** Knife River Northwest

**Construction Start:** March 2018

**Completion:** Spring 2019

South Canal Blvd. Improvements is a partnership project of the City of Redmond and Knife River Northwest.

## Traffic Detours During Construction

Rebuilding the street is expected to take 13 months, with project completion set for Spring 2019. Sections of South Canal Blvd. will be closed temporarily during construction. **Traffic will be re-routed around construction.**

Traffic detour routes are shown on the accompanying map and will be updated throughout the project.
